Create mailing list

1 Select list from left panel.

2 Click plus icon.

3 Give list name.

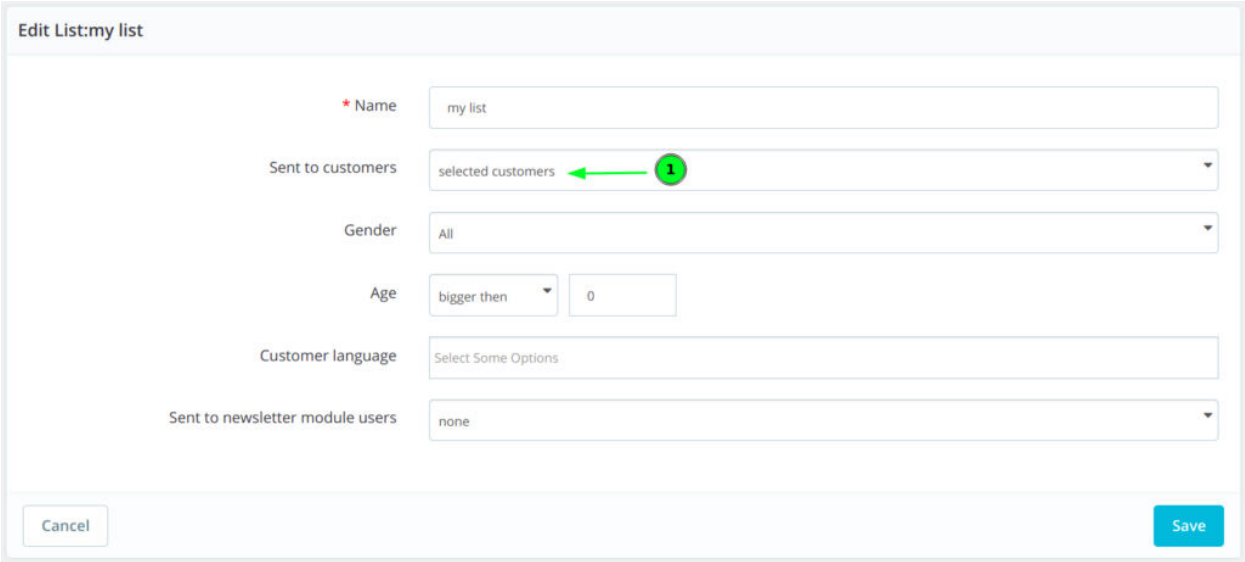

4 Select customers group

5 Save form.

The screenshot shows the 'Add List' form. It contains several input fields and dropdown menus. The 'Name' field is labeled with a red asterisk and contains the text 'my list', with a green circle and an arrow labeled '3' pointing to it. The 'Sent to customers' dropdown menu is set to 'newsletter subscribers', with a green circle and an arrow labeled '4' pointing to it. The 'Gender' dropdown menu is set to 'All'. The 'Age' field has a dropdown menu set to 'bigger then' and an adjacent empty input field. The 'Customer language' field contains the text 'Select Some Options'. The 'Sent to newsletter module users' dropdown menu is set to 'none'. At the bottom left is a 'Cancel' button, and at the bottom right is a 'Save' button, with a green circle and an arrow labeled '5' pointing to the 'Save' button.

Add customer to mailing list

1 Select selected customers in your list.

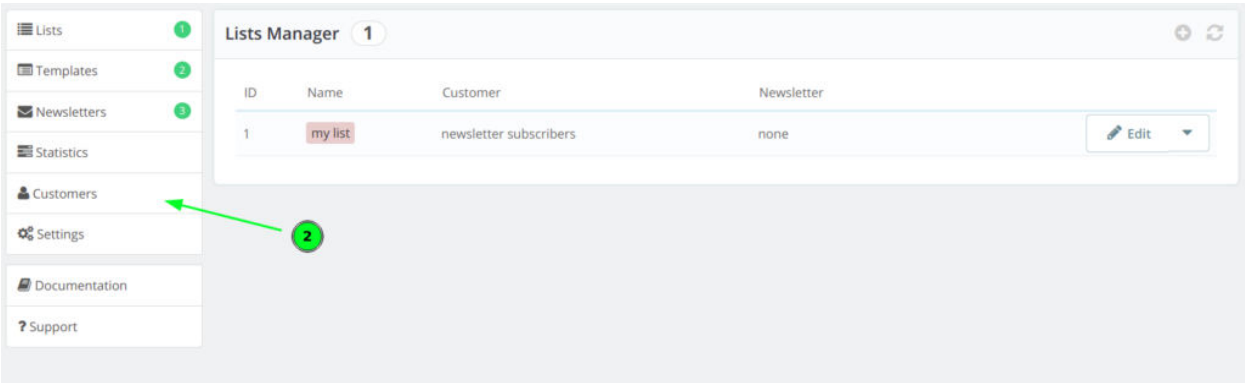

The screenshot shows the 'Edit List: my list' form. The 'Sent to customers' dropdown menu is selected, showing 'selected customers' with a green arrow and a green circle with the number 1 pointing to it. Other fields include 'Name' (my list), 'Gender' (All), 'Age' (bigger then 0), 'Customer language' (Select Some Options), and 'Sent to newsletter module users' (none). There are 'Cancel' and 'Save' buttons at the bottom.

Form fields and values:

- Name: my list
- Sent to customers: selected customers
- Gender: All
- Age: bigger then 0
- Customer language: Select Some Options
- Sent to newsletter module users: none

3 Choose customers tab.

The screenshot shows the 'Lists Manager' interface. The 'Customers' tab is selected, indicated by a green arrow and a green circle with the number 2. The 'Lists' tab is also highlighted with a green circle and the number 1. The 'Customers' tab shows a table with columns: ID, Name, Customer, and Newsletter. The table contains one row with ID 1, Name 'my list', Customer 'newsletter subscribers', and Newsletter 'none'. There is an 'Edit' button next to the row.

Lists Manager 1

ID	Name	Customer	Newsletter
1	my list	newsletter subscribers	none

Buttons: Edit

2 Select list.

3 Choose customers form list.
