Create mailing list

1 Select list from left panel.

2 Click plus icon.

3 Give list name.

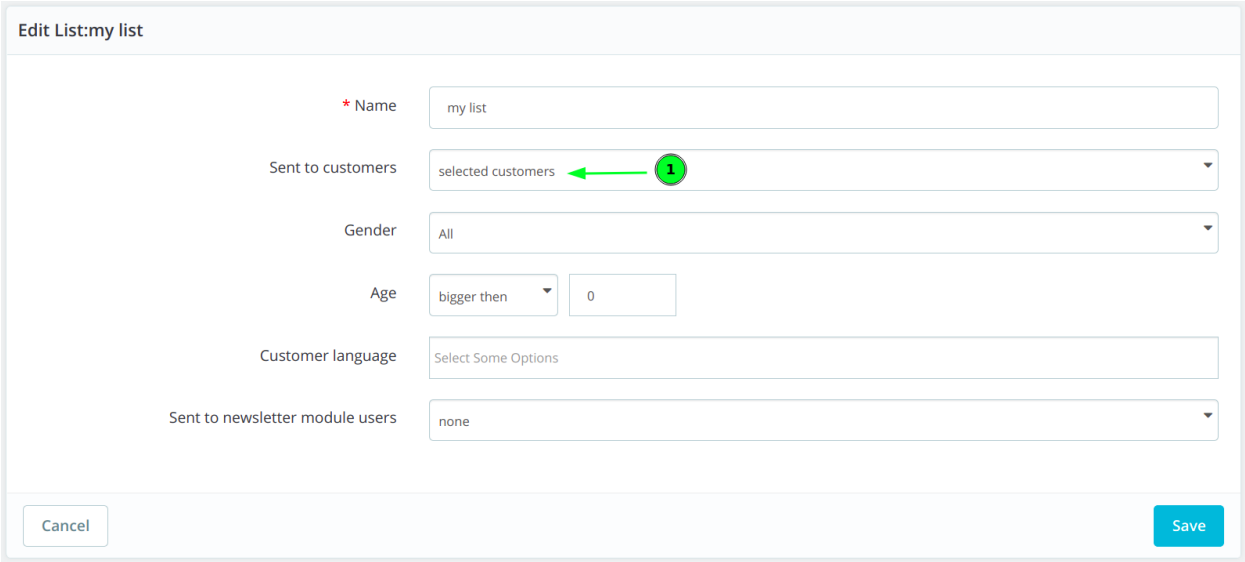

4 Select customers group

5 Save form.

The screenshot shows the 'Add List' form. It contains several input fields and dropdown menus. The 'Name' field is labeled with a red asterisk and contains the text 'my list', with a green circle and arrow labeled '3' pointing to it. The 'Sent to customers' dropdown menu is set to 'newsletter subscribers', with a green circle and arrow labeled '4' pointing to it. The 'Gender' dropdown menu is set to 'All'. The 'Age' field has a dropdown menu set to 'bigger then' and an adjacent empty input field. The 'Customer language' field contains the text 'Select Some Options'. The 'Sent to newsletter module users' dropdown menu is set to 'none'. At the bottom left is a 'Cancel' button, and at the bottom right is a 'Save' button, which is circled in green with an arrow labeled '5' pointing to it.

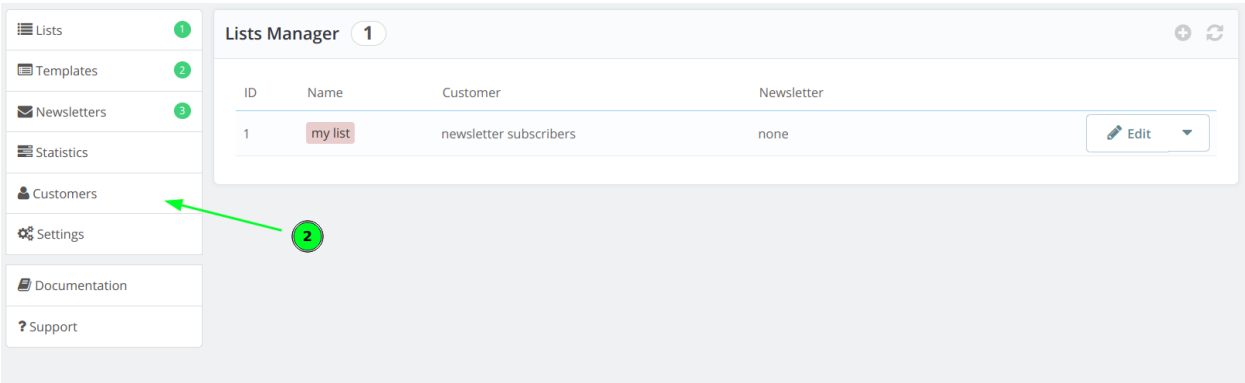

Add customer to mailing list

1 Select selected customers in your list.

The screenshot shows the 'Edit List: my list' form. The 'Sent to customers' dropdown menu is highlighted with a green circle and an arrow labeled '1', indicating the selection of 'selected customers'. Other fields include 'Name' (my list), 'Gender' (All), 'Age' (bigger then 0), 'Customer language' (Select Some Options), and 'Sent to newsletter module users' (none). The form has 'Cancel' and 'Save' buttons at the bottom.

3 Choose customers tab.

The screenshot shows the 'Lists Manager' interface. The 'Customers' tab in the left sidebar is highlighted with a green circle and an arrow labeled '2'. The main area displays a table with columns: ID, Name, Customer, and Newsletter. The table contains one row with ID 1, Name 'my list', Customer 'newsletter subscribers', and Newsletter 'none'. An 'Edit' button is visible next to the row.

ID	Name	Customer	Newsletter
1	my list	newsletter subscribers	none

2 Select list.

3 Choose customers form list.
